

objective based team building
Well managed events that are thought
provoking, value based & fun

Cooking up a Storm

COOKING UP A STORM IS A FUN ACTIVITY USING THE ENTIRE TEAM'S CREATIVE AND CULINARY SKILLS. IT'S A "GREAT ICE BREAKER" HIGHLIGHTING HIDDEN TALENTS WITHIN THE TEAM. ORGANISATIONAL SKILLS, PLANNING, TIME MANAGEMENT & PRESENTATION ARE THE KEY FACTORS ADDRESSED

Each team has a work station/area with various ingredients. The teams are shown the ingredients and must then create an appropriate menu, starter, main course and dessert. The real test comes in the actual execution of preparing the various dishes. Planning, creativity and presentation will win the day.

Factors enhanced through this activity are:

- Planning
- Organising
- Effective communication
- Bonding
- Presentation
- Cultural diversity

The joy of sharing a meal!
