Build it in Minutes to Win it!'

Is loosely based on the TV game show 'Minute to Win it'

The event can be held both in or out doors, providing the area can accommodate the
various teams. DATeam requires easy access to a power point for our music and PA system.

Teams are divided into groups of five to six delegates per team, competing against the clock and one
another.
The duration of each task ranges from 60 seconds to 3 minutes.
A group effort or the best person is selected for the specific task on hand.
Plan, deploy resources, prioritize, implement and time management are the building blocks to success!

It is a group start for every task, and all teams must either finish or abandon it after the
specified time has elapsed.

The game is fast paced, high intensity and involvement is enjoyed by all. The teams are rewarded Dollar
chips on completing the tasks within the time frame and for being placed, 1st, 2nd or 3rd.

The tasks comprise of logical, lateral thinking, innovative solutions, physical (nothing strenuous) and
creative capabilities.

The client's specific objectives are targeted and addressed, resulting in their needs being achieved and
intrinsic value is added.

Build it in Minutes to Win it incorporates interactive, constructive, competitive team work. **All Team**

members must add value and partake in order to win on the day.
