## DatKar Challenge

TEAMS ARE REQUIRED TO WORK TOGETHER,  
TRUST EACH OTHER AND COMMUNICATE  
EFFECTIVELY IN ORDER TO ATTAIN THEIR  
COMMON GOAL.

"A picture paints a thousand words". In today's volatile market, teams need to plan, navigate, position, adapt and drive their business towards the checkered flag to achieve success. Blindfolded and navigated through an obstructed course the teams are put through their paces.

This event focuses on:

- Effective communication
- Trust
- Positive reinforcement
- Performance under pressure
- Accountability
- Time management
- Attention to detail
- A common goal
